Cuero Independent School District

CHS Courtyard Brick

"Helping Tomorrow's Kids, Today"

With the start of another school year we have renewed hopes and dreams. We have reserved an area in the new high school courtyard facing the stadium for engraved bricks to be purchased to honor family members, individuals, classes, etc. All funds raised by your donations will be designated as endowment gifts to ensure the future of the Cuero ISD Education Foundation. An alumnus may purchase one of the examples below to commemorate his or her school years, a parent may honor a graduate or future graduate or an alumnus may honor a teacher. A Plaza Brick is a permanent means to honor someone special to you. Individual or family bricks in the courtyard are a visible and outward sign of your support for the proud heritage of the Cuero ISD and will help to sustain the vision of educational excellence through "Helping Tomorrows' Kids Today." Your donation will be a great gift for birthday, anniversaries, graduation and may also be designated in memoriam or honor for teachers and alumnus.

All funds raised by your donations will be designated as endowment gifts to ensure the future of the Cuero ISD Education Foundation.
