

**CUERO ISD EDUCATION FOUNDATION
GRANTS AWARDED 2019**

| GRANT NAME | CAMPUS BENEFITTED | AMOUNT FUNDED | SUMMARY |
|--|----------------------|---------------|---|
| BEAM Elementary Special Education Students Into FUN! | JCF & Hunt | \$5,000.00 | BEAM is a state-of-the-art projection system with 3D motion sensing technology that turns a normal floor into an outdoor playground, complete with engaging games for students with all abilities. In a nutshell, BEAM is a projector that mounts to the ceiling and projects learning activities onto the floor, thus turning the classroom floor into an interactive iPad-like area. Since special education students learn best through interactive experiences, BEAM will be a great asset to the Cuero ISD Special Education Department. |
| BEAM Secondary Special Education Students Into FUN! | CJHS & CHS | \$5,000.00 | BEAM is a state-of-the-art projection system with 3D motion sensing technology that turns a normal floor into an outdoor playground, complete with engaging games for students with all abilities. In a nutshell, BEAM is a projector that mounts to the ceiling and projects learning activities onto the floor, thus turning the classroom floor into an interactive iPad-like area. Since special education students learn best through interactive experiences, BEAM will be a great asset to the Cuero ISD Special Education Department. |
| Building Up the Foundation II | Hunt | \$1,768.65 | The purpose of this grant is to improve strength, flexibility, and muscular endurance in all students at Hunt Elementary through daily use of safe strengthening equipment such as strength bands, loops, and light weights. |
| Leisure Readers | Hunt | \$683.10 | The purpose of this grant is to promote reading among special education resource students at Hunt Elementary by providing a comfortable and inviting area for them to read. |
| Lend a Helping Hand | JCF, Hunt, CJHS, CHS | \$2,000.00 | When possible, the Cuero ISD Student Services Department assists Cuero ISD students whose families are struggling economically and are unable to provide their children with the necessary items to succeed in school. This grant will enable the Cuero ISD Student Services Department to assist families in need with necessities such as school supplies, dresscode-approved clothing, haircuts, glasses, and medical assistance. |

| | | | |
|---|----------------------|------------|--|
| Red Rover, Red Rover, Let the Robots Come Over! | CHS | \$4,906.00 | The purpose of this grant is to teach computer coding to CHS students through Rover Robots and Innovator HUBS connected via NSPIRE coding/calculating devices. The ultimate goal is to help students understand how to integrate the skills needed for jobs of tomorrow into CHS science classrooms today. |
| Sensory Garden for Students with Special Needs | JCF, Hunt, CJHS, CHS | \$5,000.00 | Students with profound disabilities rely heavily on sensory input to learn about the world around them. The purpose of this grant is to create an engaging sensory garden near the entrance of the CHS special education classroom, which would enable the students to interact with various textures, sounds, smells, and colors to facilitate learning. |
| Shattered Dreams | CHS | \$1,702.63 | The purpose of this grant is to promote responsible decision making among high school students regarding underage drinking, impaired driving, and distracted driving by showing them how irresponsible choices can end all dreams. Students witness emergency first responders treating the scene of a mock vehicle accident as a first responder narrates the scene, which includes students acting out the injuries, deaths, and legal implications associated with the accident. Shattered Dreams is presented via the combined efforts of school administration, faculty, students, law enforcement, emergency medical services, parents, and community organizations and is an integral part of the District's drug and alcohol prevention program. |
| Shocking Ways To Save A Life | JCF, Hunt, CJHS, CHS | \$6,822.01 | Each year more than 350,000 deaths occur from sudden cardiac arrest without warning. Nearly 22 school age children die of sudden cardiac arrest every day. This grant will enable the District to purchase four portable AED's and hard cases so that one AED can be sent with every group when traveling off campus for a field trip or extracurricular activity. |
| Texas Animals Puppet Theatre | Hunt | \$1,362.25 | The purpose of this grant is to affirm the power of the arts as a learning tool and provide language, science, and social studies learning opportunities for fourth grade students at Hunt Elementary by incorporating Texas animal puppets in classroom instruction and assessment. Students will learn about the regions of Texas, natural resources, life cycles, food chains, adaptations, and interactions within ecosystems and will share their knowledge through classroom and grade level puppet show productions. |
| TOTAL AMOUNT FUNDED \$34,244.64 | | | |
